Personal Summary

Computer Science graduate from Menoufia University, passionate about information technology with a strong foundation in network security, cyber operations, and digital forensics. Experienced in technical support, system troubleshooting, and advanced cybersecurity concepts, including threat hunting and incident response. Proficient in various tools and platforms such as ELK Stack as a SIEM solution, with hands-on experience in network and web penetration testing, and a keen interest in threat intelligence. Actively solving challenges on platforms like Hack The Box (HTB), showcasing problem-solving and analytical skills.

Education

Bachelor of Computer Science

Menoufia University, Faculty of Science

Graduation Date: September 2024

GPA: 3.5/4

Certifications & Training Courses

- C# Desktop Application Development - ITI, 2023
- Data Analysis - NTI, 2024
- Network Security and Cyber Operations - NTI, 2024
- Google IT Support Professional - 2024
- OSCP (Offensive Security Certified Professional) - 2024
- CCNA (Cisco Certified Network Associate) - 2024
- Linux+ Certification

- Advanced Threat Hunting and Intelligence

Skills

Technical Skills:

- Network Security, Cyber Operations, Digital Forensics
- IT Support and Troubleshooting
- Microsoft Office (Excel, Word, PowerPoint)
- SQL Server, Python (Programming), Power BI
- Linux (Server Management, Development Environments)
- C# (Desktop Application Development, Windows Services)
- Virtual Machines (VMware, VirtualBox, Hyper-V)
- ELK Stack (SIEM Configuration and Log Analysis)
- Network Penetration Testing
- Web Penetration Testing
- Threat Hunting and Incident Response
- Threat Intelligence Analysis
- ECIR (Enterprise Cyber Incident Response)
- CCNP Security
- MCSE (Microsoft Certified Solutions Expert)

Personal Skills:

- Adaptability and Resilience
- Teamwork
- Analytical & Critical Thinking
- Time Management

Languages

- Arabic: Native Speaker

- English: Intermediate
